

LeadingAge Wisconsin 2015-17 Legislative Agenda

- **Medicaid:** Increase Medicaid nursing home rates by 5% in each year of the 2015-17 biennium.
- **Family Care:** Require Family Care managed care organizations (MCO) to increase rates for each provider type by 5% in each year of the biennium, utilizing statutory language patterned on Minnesota law which requires managed care capitation rates to reflect provider rate increases. In addition, the Family care room and board allowance should be updated to reflect changes in the market basket/inflation rates.
- **Dementia Care:** Support the adoption of legislation patterned on 2013 Assembly Bill 575, which revamped the emergency detention and treatment process for individuals with Alzheimer's disease and related dementias based on the work of the Legislative Council Special Committee on Legal Interventions for Persons with Alzheimer's Disease and Related Dementia.
